

## Child Of Peace And Love

### Chorus 1

O Bethlehem this Child of yours  
Brings joy from Heav'n above  
And gives the world great hope tonight  
This Child of peace and love

### Verse 1

In the quiet in the darkness  
Just outside the sleepy town  
In a stable there's a stirring  
Where the Son of God lay down

### Verse 2

God Almighty God of Glory  
Sending us His living Light  
In a stable human crying  
God becomes like us tonight

### Verse 3

He begins His earthly Story  
In a lowly manger stall  
In a stable in His Kingdom  
Soon to spread to one and all

### Verse 4

Heaven's gift became our sacrifice  
For all people of the earth  
All creation now is stirring  
As we celebrate His Birth
