

There on the cross

There is a place of great mercy
A shelter and safe place apart
To bring every burden and failure
The suffering **deep** in our heart
Jesus forgave our transgressions
And took on our sickness and shame
Providing a place of salvation
And healing for all our pain

There on the cross, He grants forgiveness
When we turn and seek His face
There on the cross, He provides wholeness
In His faithful love and grace
There on the cross, He offers refuge
Just call upon His name
There on the cross, He gives us new life
And His love will always remain
