

Glory Glory, a King is born

Joy to the world!

*Glory Glory A King is Born
The One that we have been longing for
Look in your heart to find His light
There you will feel His might
Glory Glory a King is born
The King that we have been longing for
We can make a brand new start
Let His light shine on us. Let us open our hearts for His love*

He came for everybody
Nobody will be deprived
And in His light, in His love we are saved
for no one is left out of His sight.

He has been born to save us
To save us from darkness with light
He has been born for the saviour of all
who surrender themselves to His might

*Glory Glory A King is Born
The One that we have been longing for
Look in your heart to find His light
There you will feel His might
Glory Glory A King is Born
The King that we have been longing for
We can make a brand new start
Let His light shine on us. Let us open our hearts for His love
Let His light shine on us. Let us open our hearts for His love*

Orig. Title: Glorie, Glorie (want deze nacht)

Leon van Veen / Erwin de Vos
