

## Carry me to the cross

When the path is daunting  
And ev-'ry step exhausting,  
I'm not alone, I'm not alone,  
No, no.

I feel you draw me closer:  
All these burdens on my shoulder,  
I'm not alone, I'm not alone,  
You pull me from this place.

### Refrein

Hallelujah!  
You carry me ev-'ry day, You carry me all the way.  
And hallelujah!

You carry me to the, You carry me to the cross .

How your love has moved me, yeah,  
To the foot of all Your glory.  
I'm not alone, I'm not alone, I'm not alone.

Refrein.

All of these cities You have built,  
And ev-'ry cathedral You have filled,  
All of creation You gave life with Your hands.  
And with those hands You comfort me,  
Lift me up from my knees and carry me,  
You carry me.

Refrein.
