

Make a joyful noise

Make a joyful noise, make a joyful noise
To the God who came to save
Make a joyful sound come and make it loud
'Cause His love will never change

Come on let's give Him praise
Come on let's give Him praise
Let's give our deepest thanks
Worship His holy name

Let the band play out, let the singers shout
To the God who came to save
Let the children dance as we lift our hands
'Cause His love will never change

(Bridge)
For He is good and His mercy endures
His truth will last for every generation

Make a noise, make a joyful noise
Make a joyful sound give our God a glorious shout
Hey hey
